POWERSnap!
TRANSACTIONS MADE POWERFULLY SIMPLE

PowerSnap!® is the powerful industry mobile app that puts your real estate transaction information within your reach, anytime, anywhere.

Access real-time file status, details and documents, open a title order, manage escrow services, and generate cost estimates using seven industry calculators.

- Start orders, with or without a quote, using the in-app **Customer Care Assistant**

- Access saved quotes and profile info **across multiple devices** for a smooth, uninterrupted experience anytime, anywhere

- Stay informed with **push, text or email alerts** as the status of an order changes or when new documents are shared

- Leverage your brand with **personalized reports** including your photo and contact information—create and reuse up to 60 customized quotes to provide high-touch service in a Snap!

- Generate and share Seller Net Sheets (including **Property Tax Auto-fill**), Reverse Net Seller Sheets, Title & Escrow Fees, Escrow Refi Fees, Monthly Payment Calculations **and more**!

- Minimize touchpoints by **Uploading or Emailing Contracts** when starting your order

- **Property Address Auto-fill** when starting a title order or creating a quote report saves time and improves accuracy.

- Leverage **In-App Messaging** for convenient communication with your title and closing team to stay on top of your transaction and receive real-time updates.

- **Enhanced Filters** enable you to easily locate open, closed or cancelled transactions up to 36 months prior.

- Our **Agent Teams feature** keeps your transactions moving smoothly by sharing access to your team or coordinator for specific files or all transactions.
